Designs in Tableware & Table Settings

V&A guide and art historian Annika, of Annika Hall Guides, will tell us about the history and inspiration behind the design of the Penny Morrison textiles and ceramics used in Pepa's table settings and link them to original pieces from the V&A collection.

Pepa Yuste, interiors and table stylist @myvintagecorner, inspires her 14.6k Instagram followers with beautiful table settings. Here in London she shows us how to dress our tables and get a head start in one of today's biggest trends in home-styling.
